

SOLARIS ROCK & ROOT PICK

Quality Attachments, Parts & Customer Service

The Solaris Rock & Root Pick is one tough attachment that can pull out stumps, saving you a ton of money instead of renting a stump-grinder. Pull out stubborn rocks or anything that is awkwardly shaped and difficult to move. The Solaris Rock & Root Pick is offered with a fixed base or a 127° rotating base.

EZ-0012 Rock & Root Pick

SOLARIS ROCK & ROOT PICK
